SPRING'80

# BULLETIN MEMPHIS STATE UNIVERSITY

THE HECKMAN BINDERY, INC. N. MANCHESTER, INDIANA

The new Toyota Corollas for 1980 offer startling changes. Totally new looks. New space. New performance. It gives you the feeling you've discovered an exciting, new friend.

The wind tunnel testing alone, took 425 hours to produce Corolla's new-aerodynamic shape. (And is it ever slippery looking!)

15 years of people testing have created a whole new sense of space. (The back seat is so big and comfortable—you'll want to go

back to double dating again!) The surprising feeling of openness is helped by a lot more head room and 23.2 cubic feet of loading space.

New surprises are everywhere.

The space-age dash isn't simply functional—it's gorgeous. While exciting new options include power steering, a sun/moon roof and advanced audio components.

On top of all of this, Corolla offers more forceful performance due to its larger 1.8 liter, 4 cylinder

engine. Along with a quieter ride, due to increased noise absorption.

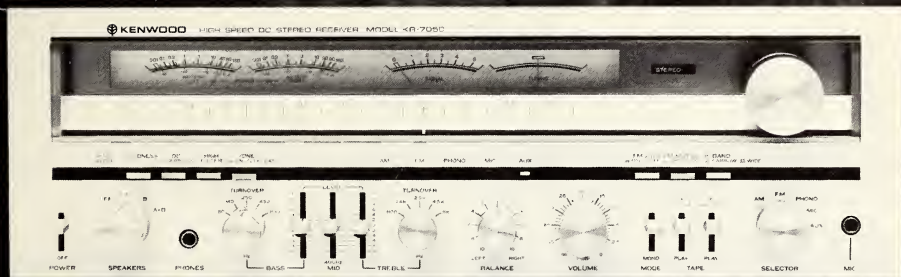

Yet with everything changed, the name Corolla remains. For good reason.

Corolla stands for reliability, a generous amount of standard features and total economy. And that's what is at the heart of all 12 new Corolla models.

Toyota's new 1980 Corolla Liftback. A new car by any other name wouldn't be such a treat!

COROLLA'S ALL NEW LIFTBACK.  
ONLY THE NAME HASN'T BEEN CHANGED.

## INDEPENDENT TEST REPORT: KENWOOD HAS BETTER TRANSIENT RESPONSE THAN PIONEER, TECHNICS OR YAMAHA.

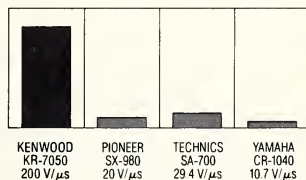

Recently, we asked an independent testing laboratory to measure Kenwood's new Hi-Speed™ receiver against the competition. Each one "off the shelf" in unbroken factory cartons.

The results were impressive, if not surprising.

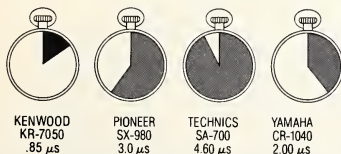

The Kenwood receiver outperformed comparable models of other brands in both rise time and slew rate, the same new specifications that are used to

In your home, you'll hear superior clarity and definition with excellent imaging. For example, you'll be able to identify an individual singer in a vocal group.

measure a receiver's ability to handle complex musical signals.

Of course, the Kenwood receiver had one unfair advantage: Kenwood's exclusive Hi-Speed circuitry. Hi-Speed allows an amplifier section to react faster to changes in music to minimize audible transient intermodulation distortion.

In the laboratory, this shows up as superb specs and an almost perfect square wave on an

# The Unknown Comic comes out for The Unknown Stereo.

"You know, buying a stereo for your home is a serious business. Which is why Pioneer chose me to tell you about their Centrex® line.

See, I've found a unique way to pick the perfect stereo.

I call it listening.

This Christmas, then, if you go out shopping for a stereo, you'd do well to wear a bag over your head.

Because if you will just trust your ears, they'll tell you better than some prominent celebrity such as myself what you need to know: Centrex sounds superb.

Once your ears have shown

you that, then it's o.k. to take a look. Then you can allow yourself to be seduced by Centrex's extremely handsome appearance.

And let your head be turned

by all the Centrex convenience features. The Loaded Deck™ Song Finder™ Auto Rewind.

Dolby®. The professional-style strobed turntable. And the extraordinarily sensitive AM/FM receiver with 22 watts per channel. (Both channels driven into 8 ohms over a frequency range of 40 to 20,000 Hz with no more than 0.7% THD).

If you still want more to go on, let me just remind you that Centrex comes from Pioneer. A company that's celebrated for the quality of its audio products. And its taste in comedians.

But don't just listen to me. Listen to Centrex. You'll hear everything you need to know."

## **Would you sign up for a lifetime course in applied Christianity?**

Our course will take you deep into the Third World, to some of the most depressed and oppressed places on earth.

To God's Country.

As a Maryknoll Missioner, you can share the love of God with these. His people. You can bring them hope and peace and dignity.

You will practice some very practical Christianity, too. You might set up adult education classes, show a starving farmer how to improve his crop, or a struggling worker how to improve his lot. Most of all, you will share the Gospel of Jesus Christ.

You will learn and keep on learning the rest of your life. You will learn and share their language, of course. But also their culture, traditions and, yes, their religion. You will learn the quality of joy that can only come from doing unto others, because all the while you give yourself to their lives, they give meaning to yours.

Please tell me more about a lifetime career as a Maryknoll Missioner

## ADMISSION PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after December 1, 1979, cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to December 1, 1979. Anyone failing to do so cannot be assured of being considered for admission.

### New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building. After 4:30 p.m. and on Saturday mornings, these may be obtained in Room 165, Administration Building, or by telephoning 454-2398.

### Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the previous semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission from the Office, Room 163, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students who must be properly admitted to graduate school as new students.

Graduate students who have not attended Memphis State in the past 5 years or longer must apply for readmission at least 3 days prior to Graduate Registration in order to complete registration on time.

### Transferring Credit to MSU

In order for completed additional course work to be transferred from another university and recorded on the student's permanent record, the student must request that an evaluation of the additional course work be completed by the Transfer Affairs section of the Admissions Office. After the student has been admitted as a regular undergraduate, whether he is a beginning freshman or a transfer student, it is recommended that he consult with his adviser or the Transfer Affairs section of the Admissions Office if he anticipates enrolling at another college or university for the purpose of transferring credit to Memphis State University.

### Residency Classification

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

## Persons Over 60 Years of Age and Totally Disabled Persons

Persons suffering from a permanent disability which totally incapacitates such person from working at an occupation which brings him an income, and persons sixty (60) years of age or older, who are domiciled in Tennessee, may AUDIT courses at Memphis State without paying tuition charges, maintenance fees, student activity fees, or registration fees. Admission to AUDIT will be limited on an individual classroom basis according to space availability.

Any person who is totally disabled, and persons sixty-five (65) years of age or older, who are domiciled in Tennessee, may enroll for courses for credit at the cost of \$9 per semester hour, not to exceed \$75 per semester. The University Health Services shall examine certification of permanent disability (not the applicant) and determine the eligibility of the applicant under this legislation.

Inquiries concerning these programs may be addressed to the Records Office, Administration Building, Room 115, or telephone 454-2671.

## REGISTRATION PROCEDURES

### (1) CONSULTING WITH ACADEMIC ADVISOR

#### Current Students

Current Memphis State University students are encouraged to see their academic advisors well in advance of registration, preferably during the preceding term when ample time can be given for general academic advising including assistance in selection of courses for the ensuing term. This is not always possible for new and returning students and for some current students. However, all students are required to have a class schedule with an advisor's signature prior to entering the registration center.

If you have not seen an advisor, you must do so according to the schedule printed below. You should know that you cannot expect the advisor you see at these times to help you as much as your regular advisor could. But the advisor you see at one of the periods listed in the following schedule will try to help you in course selection and give you a signed class schedule.

To learn where you can see an advisor at these times, go to the Advising Information Center located in the Packet Center Jones Hall, Old Cafeteria on Thursday and Friday prior to registration, on Saturday (graduate registration only), and during the three days of regular registration (Monday, Tuesday, Wednesday). During late registration, information may be obtained in the late registration center (third floor, University Center).

|                                    | 5:30 pm- 7:00 pm |

\*During scheduled evening hours of late registration, advising is available in the Late Registration Center located on the third floor of the University Center. During the day (8:30 am-4:00 pm) academic advising occurs in the academic department or in the Academic Advising Unit in Scates Hall. Faculty advisors are generally available except when they are teaching. Assistance in locating an advisor can be obtained in the Office of the Department Chairman or in the Late Registration Center.

### New and Readmitted Students (Undergraduate)

Freshmen and transfer students registering for the first time should attend a new student orientation session at which information concerning the registration and advising process will be given. (See Registration calendar for date and time.) All new freshmen students and transfer students without an academic major will be assigned to the Academic Counseling Unit, located in Scates Hall, and should go to the unit immediately after admission to the University to request the assignment of an advisor. This should be done prior to the new student orientation session. Students who have not seen an advisor will be assigned one during the orientation session.

Students who have been readmitted and have selected a major should contact the department of their major for the assignment of an advisor. Readmitted students without a declared major should go to the Academic Counseling Unit. This should be done in advance of the first day of registration.

### New and Readmitted Students (Graduate)

New Graduate School students are directed to an advisor following their admission. Students who are classified as Graduate Special or Graduate Provisional, should go to the Graduate School Office, Room AD 315, for an advisor. An orientation session for new graduate students is held on the morning of graduate registration.

Readmitted graduate students having a major should contact the department of their major for the assignment of an advisor. Readmitted graduate students not having a major should contact the Graduate School Office for an advisor.

### New and Readmitted Students (Evening)

New and readmitted evening students should secure required information about registration and advising in the Evening Academic Service Office, Room AD 165, telephone 454-2398. Graduate students attending in the evening should follow the procedures outlined under "New and Readmitted Students (Graduate)" above.

### Unclassified, Special Undergraduate, and Audit Students

Undergraduate students who are unclassified, special undergraduate, or audit go to the Academic Counseling Unit, Scates Hall. Evening students in these categories go to the Evening Academic Services Office, Room 165, Administration Building for advising assistance.

## (2) OBTAINING REGISTRATION MATERIALS

The registration packet consists of four basic materials: (1) "Student Information Form," (2) "Registration Appointment Card," (3) "Registration Receipt," and (4) a permanent ID card.

### Current Students

Registration materials are mailed to the permanent address of all students currently enrolled, with the exception of those students having outstanding financial obligations at the time registration materials are prepared, those suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a University office. When a hold is released, the student is given a release card which tells where and when to secure his packet.

### New and Readmitted Students

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared, receive their materials by mail. Students not clearing in time to receive their materials by mail are given a chance to obtain materials before the actual day of registration and receive instructions on how to accomplish this.

## (3) SECURING CLASS CARDS

Students having their "Student Schedule," permanent ID card, and registration materials, are prepared to enter the Registration Center to obtain class cards and to pay fees.

**Registration appointment times** — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." Registration priority is based on cumulative hours earned. The student may enter at any later day time after his day appointment time or at any later night time, after his night appointment time.

### REGISTRATION PRIORITY

Since all students cannot register at the same time, it is necessary to establish priorities in the assignment of registration times. Registration priority and the registration appointment times appearing on registration materials are based on the number of cumulative hours earned.

Registration materials must be prepared before the end of the term that immediately precedes registration. Appointment times do not reflect hours earned during the current term. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

Registration priority and associated registration appointment times cannot be based on the need to work because such a large number of students do work. No practical or equitable way exists to administer a priority system on the criterion of a student having to work.

Unclassified students will be awarded registration appointment times on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

### Special Courses

**Credit/No-Credit Courses** — Certain students, with permission from the dean of their college, may elect to take some courses on a credit-no-credit basis. Details are found in the undergraduate *Bulletin*.

Procedures for registering are as follows: (1) Obtain permit form from academic advisor, complete information on the form, and secure advisor's signature; (2) Get permission of the dean of their college; (3) Go to the office of the chairman of the department in which the course is taught and secure his approval; (4) Obtain "Class Card Request" form; (5) Take completed permit form and "Class Card Request" to the Registration Center at the appointed registration time.

**Audit Courses** — The student must: (1) Obtain academic advisor's approval; (2) Go to the department in which the course is taught and pick up the "Class Card Request" form; (3) Take the "Class Card Request" to the Registration Center at the appointed registration time. Fees for audit courses are the same as for credit courses. Further details on audit courses are found in the undergraduate *Bulletin*.

### Late Registration

Students registering during the day at the Late Registration Center must go to departments to obtain class cards. Cards are at the Center during evening late registration hours.

### ID CARD

**ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.**

The University issues to each student an identification card which bears his photograph, social security number, and certification that he is enrolled as a student in the University. New students will be given information concerning ID cards in their information sessions. The card is required for registration, the borrowing of library books, and other purposes. The card remains the property of the University and will be surrendered upon the request of a University official.

A current student who has lost his or her card may obtain a replacement from the Dean of Students Office, Room 208 Scates Hall. A student will be charged \$10.00 to replace a card that has been damaged, stolen, or lost. A charge of \$2.00 will be made to make any change in data on a card. Students unable to obtain an ID card at an off-campus or special registration must go to the Records Office to have one made.

Part-time students who are enrolled for at least six semester hours of credit courses will be given full-time I.D. card validation. ID card validation of full-time is for student activity purposes and does not necessarily constitute a full-time academic load.

For information concerning the number of hours required for a full-time academic load, consult the Memphis State University Bulletin.

A credit hour load equal to one-half of that for the minimum full-time credit hour load qualifies as half-time academic load.

## COURSE NUMBER SYSTEM

Courses are numbered according to the following system:

|           |                                                                                               |
|-----------|-----------------------------------------------------------------------------------------------|
| 1000-1999 | Courses primarily for freshmen                                                                |
| 2000-2999 | Courses primarily for sophomores                                                              |
| 3000-3999 | Courses primarily for juniors                                                                 |
| 4000-4999 | Courses primarily for seniors                                                                 |
| 5000-5999 | Courses offered in the Graduate School open to seniors within 36 semester hours of graduation |
| 6000-9000 | Courses open ONLY to those students fully admitted to the Graduate School                     |

### Handicapped Student Registration

A preferred registration procedure is provided for some disabled students to allow them reasonable opportunity to schedule around special disability-related needs and to eliminate the architectural inaccessibility of the regular registration process. Those eligible for this service include students with mobility impairments, their personal care attendants and others who need special scheduling to accommodate medical or educational needs arising from a disability.

Handicapped Student Registration is begun prior to regular registration. Students using this procedure should see their advisor, complete the "Student Schedule" form in full and take it to the Coordinator of Handicapped Student Services well in advance of the beginning of regular registration. A duplicate of the schedule will be made, and the class cards will be pulled for the students prior to regular registration. Each student's class cards will be placed in an envelope marked with his name. These envelopes will be held in the late registration center.

The student may pick up the reserved class cards and complete the remaining registration procedures anytime during Late Registration in the University Center. Students who have cards reserved in this manner will not be charged a late registration fee.

For further information and specific details please contact Coordinator of Handicapped Student Service, Room 215, Scates Hall or call 454-2880.

### (4) PAYING FEES

Students should not enter the Registration Center unless they are prepared to pay fees. Registration is not completed until fees are paid. Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship and Authorized Billings" station in the Fee Payment Center. Students will not have their names placed on the class rolls until after all fees are paid.

#### Returned Checks

It is expected that a check given the University, for any reason, will clear the bank on which it is drawn. A \$5.00 service charge will be assessed for each returned check whether given in payment of any fee or cashed by the University for the convenience of the student. Check cashing privileges will be revoked for any student who has had checks returned by his bank more than once within a twelve-month period.

## FEES AND DEPOSITS

### Application Fee

Each student submitting an application for admission to the University must pay, at the time he submits his first application, a one-time non-refundable fee of \$5.00.

### Maintenance Fee

All students, whether resident or non-resident, pay a maintenance fee. Students paying the fee for six or more hours are entitled to admission to home athletic events and certain health services, concerts, plays, social and other student-sponsored activities, and a subscription to the student newspaper, *The Helmsman*.

### Summary of Course Fees

These fees are tentative and are subject to the approval of the State Board of Regents.

|                          |       |
|--------------------------|-------|
| Undergraduate Full-Time  | \$239 |
| Undergraduate Per Hour   | 22    |
| Graduate Full-Time       | 260   |
| Graduate Per Hour        | 25    |
| * Out-of-State Full-Time | 501   |
| * Out-of-State Per Hour  | 42    |

*\* These fees are in addition to the full-time and hourly fees listed above.*

*Fees for audits will be assessed on the same basis as fees for credit courses. Courses offered between terms, for concentrated periods during a term, or at specific locations, may be subject to fees on a per-hour basis only.*

### Activity Fee

All students enrolled for one credit hour or more will pay a \$1.00 Student Activity Fee. The amount is \$1.00 regardless of the total number of hours for which the student is enrolled.

### Tuition

Students classified as non-residents are charged an additional \$42.00 per semester hour. (Note that tuition is in addition to the maintenance fee. See Summary of Course Fees above.)

The Office of Admissions and Records is charged with the responsibility of assigning a residency classification to each student using regulations provided by the Board of Regents. The student may appeal the decision to the Committee on Residency. Residency regulations of the Board of Regents and information on appeals procedures are available in the Office of Admissions and Records.

### University College Fees

In addition to their \$5.00 application fee, students who apply to the University College must pay a screening fee of \$15.00, which is non-refundable. If accepted into the University College, the student must pay a non-refundable contract-advising fee of \$25.00.

Students who apply for credit for experiential learning will pay \$15.00 per credit hour granted after evaluation of their learning and assignment of credit. For those students who are enrolled under a group contract, no more than a maximum fee of \$90.00 will be assessed for credits assigned under the terms of the group contract.

### Courses in Applied Music

The fee of applied music shall be \$25.00 per semester for each one-half hour lesson.

### Music Locker Deposit

Music students are required to have a locker for storage of University-owned musical instruments or equipment. Personal instruments may also be stored in lockers. A deposit of \$3.00 for one semester or \$4.00 for two semesters is required on each locker issued. This deposit, less a service charge of \$1.50 per semester, will be refunded upon return of the lock. Students will be expected to pay for any damages.

## Automobile Registration

Each person who expects to operate and park any motor vehicle on the campus must pay \$5.00 for an official permit, valid from September through August, and register the vehicle in the Security Office (Room 151, Administration Building). A reduced fee of \$4.00 is charged for vehicle registrations after January 1, and \$2.00 after May 1. Proof of ownership must be presented when registering the vehicle. Residence hall occupants should ask for a special resident decal when registering their automobiles.

## Air Force ROTC Deposit

A uniform deposit of \$10.00 and a \$5.00 activity fee are required of each student who enrolls in the Air Force ROTC program. The uniform deposit, less charges for uniform loss or damage, will be refunded at the end of the academic year or at the beginning of a semester in which the student is not enrolled in the ROTC program.

## Laboratory Deposits

Certain courses in chemistry require breakage deposits from \$10.00 to \$20.00 per semester, depending upon the course. Any unused portion of these deposits will be refunded.

## Physical Education Locker and Towel Fee

Students enrolled in physical education courses must pay a fee of \$4.00 for the locker and towel issued them. Students must provide their own lock.

## Late Registration

Students who do not complete registration (including the payment of fees) during the official registration period will be charged \$10.00 for any late registration following the official registration period.

## Adding and Dropping Courses

A fee of \$5.00 will be charged for each change of course form processed, regardless of the number of course or section changes included on the form.

## Transcripts

There is no fee for transcripts. However, the student will be charged \$1.00 for each official transcript over the maximum of five (5) per request. Transcripts are issued only at the request of the student in person or by letter. No transcript will be provided for a student who has any unfulfilled obligation to the University.

## Diploma Fee

Each candidate for a degree from Memphis State University pays a \$20.00 fee to cover cost of the diploma, rental of cap and gown, and incidentals connected with the commencement exercises. This fee must be paid thirty days before graduation.

The listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he or she registers. Fees are subject to change without notice. Persons over 60 years of age and totally disabled persons should refer to the sections of this publication covering their registrations.

## REFUND OF FEES

**General:** The University provides a 75% refund of enrollment fees beginning at the moment of registration and extending through the periods shown below. There is no refund after expiration of the 75% period. The *Schedule of Classes* for each term contains a term calendar which will list the specific date on which the refund period expires. Note that the refund period ends **earlier** than the final deadline for dropping a course or withdrawal.

The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a refund. Refunds beyond the specified date or percentage cannot be made for reasons such as employment conflicts, health or medical problems, moving out of town, or other reasons which are beyond the University's control or responsibility.

There is no refund after the 75% period ends. A full (100%) refund of fees will be made for courses cancelled by the University.

Refunds will be processed beginning approximately two and one-half weeks after classes begin and usually should be completed four weeks after classes begin.

**Fall and Spring Semesters:** If a student withdraws from the University within fourteen calendar days from the beginning of classes for the fall and spring terms, a refund will be made of 75% of maintenance fees, out-of-state tuition, music fee (if any) and 100% of the student activity fee. The same refund schedule applies to students who drop to an hourly load below full-time; the applicable percentage then applies to the difference between the new fees calculated on an hourly basis and actual fees paid. There is no refund after the 14th day of classes. A 100% refund will be made for courses cancelled by the University. All other fees are non-refundable.

## Appeal Procedures for Fees and Refunds

A student may appeal the assessment, application, calculation or interpretation of any University fee, charge, deposit, or refund, or any University action connected with fees and charges. Questions should generally be discussed with personnel in the Bursar's Office. If a student is not satisfied with the resolution made by the Bursar's Office, a written appeal, on forms available in the Bursar's Office, can be made to the Director of Finance; his determination may be appealed to the Vice President of Business and Finance; and his determination may be appealed to the President of the University. Traffic fines are subject to a separate appeal procedure.

## Credit by Examination or Placement Examination

The fee for taking an examination for credit is \$15.00 minimum and an additional \$5.00 for each credit hour over three; this fee must be paid prior to the examination. The same fee must be paid when an application for credit is made under the Credit by Placement Examination policy.

## (5) CHANGING ENROLLMENT STATUS

### Change of Course

After a student's registration is complete, he may change his class schedule by adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISOR. Time limits for add/drop are outlined in the semester calendar. A fee will be charged for each change of course application before it is processed. There is no charge for a change made as a result of the University cancelling a course.

Permission to add or drop a course after the deadlines shown in the calendar must be approved by the appropriate college dean.

Students who wish to discontinue attending and who are enrolled in one course only must withdraw, not drop the course.

**Schedule conflicts** — Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course and section numbers, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict or because of having the wrong class card. Students should be careful to check the schedule for course offerings that might have been changed. Up-to-date information may be obtained during registration.

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

University policy prohibits the waiving of the change fee when a course section has closed and later reopened. The University reserves the right to cancel courses or sections.

### Withdrawal Procedures

Students may withdraw from the University by contacting the appropriate University official. ID's must be turned in to be invalidated.

- (1) Undergraduate Students—the Center for Student Development, Room 120, Scates Hall
- (2) Evening/Saturday Students—the Dean, Evening Academic Services, Room 165, Administration Building
- (3) Graduate Students—the Dean of Graduate Studies, Room 315, Administration Building

Time limits for withdrawals are stated in the Semester Calendar.

### Change of College or Major

Undergraduate students in the Colleges of Arts and Sciences, Business Administration, Communication and Fine Arts, Education, Engineering, and the University College may change their college or major by completing an application at the designated office of the college for the new major. These offices are as follows:

- Arts & Sciences
  - Dean's Office — MI 219
- Business Administration
  - College Advisor — BO 426B
- Communication & Fine Arts
  - Dean's Office — MJ 300
- Education
  - College Advisor — ED 211
- Engineering
  - College Advisor — EN 259
- University College
  - Dean's Office — JN G-1

Graduate students may change their major by making application in the Office of the Dean of Graduate Studies, Administration Building, Room 315.

### Change of Advisor

Students may change advisor by making application to the college in which they are currently enrolled. After being assigned an advisor, the student should come immediately to the Records Office.

### Change of Name, Address, or Social Security Number

It is imperative that the student keep his/her name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration packet. In order to change social security number or name, the student must come to Room 119, Records Office, Administration Building. Students who move should leave a forwarding address with the post office so that all University mail will reach them at their new address.

*IMPORTANT: All changes should be made early in the semester to insure their processing before the next semester.*

### GRADE REPORTS

A grade report showing the grade received, credit hours earned, and quality points earned, are mailed to the permanent address of each student at the end of the semester. The grade report will show cumulative hours attempted, hours earned, and grade point average.

### Withholding of Grade Reports

The University is required by State law to withhold grade reports, transcripts, and diplomas from students who have outstanding financial obligations to the University. Previous semester grades which were withheld may be obtained (with the proper release card and identification) in the Packet Center or Late Registration Center, when these are open, and in the Records Office thereafter.

**THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY TELEPHONE.**

## SCHEDULE OF FINAL EXAMINATIONS

Final examinations for Summer 1980 will begin on Friday, May 2, 1980. Each examination is two hours in length. Attendance is compulsory. The examination schedule is listed below.

### \* CLASS MEETING

| TIME       | DAYS |
|------------|------|
| 6:55 A.M.  | MWF  |

\* Classes meeting one day a week for at least two hours will have their examination during the examination week at the time the class normally meets.

No examination may be given at a time other than the one listed above except with written permission from the department chairman and the college dean.

Examinations for classes which meet at an hour not included in this schedule (e.g., 9:30 MWF) should be given at an hour as close to the scheduled hour as possible. (The examination for a class meeting at 9:30 MWF may be given at the time scheduled for either a 9:05 MWF class or a 10:10 MWF class.)

## ACADEMIC STATUS AND RETENTION

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the *University Bulletin*.

Specific questions concerning academic retention/suspension should be directed to the Evening Academic Services Office, Room 165, Administration Building, between the hours of 12:00 Noon - 8:00 p.m. Monday through Thursday, and 8:00 a.m. - 12:00 Noon on Saturdays.

## PRIVACY RIGHTS OF PARENTS & STUDENTS

### ANNUAL NOTICE TO STUDENTS

Annually, Memphis State University informs students of the Family Educational Rights and Privacy Act of 1974. This act, with which the institution intends to comply fully, was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Local policy explains in detail the procedures to be used by the institution for compliance with the provisions of the Act. Copies of the policy can be found in the following offices: Associate Dean of Admissions and Records (Records); Dean of Admissions and Records; University Counsel. The offices mentioned also maintain a Directory of Records which lists all education records maintained on students by this institution.

Questions concerning the Family Education Rights and Privacy Act may be referred to the office of the Associate Dean of Admissions and Records (Records).

### **DIRECTORY INFORMATION**

"Directory Information" is defined as: The student's name, address, telephone listing, date and place of birth, major field of

study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous education agency or institution attended by the student, the student's full or part-time status, and the student level. At the time a student registers for courses, the student may personally deliver to the Records Office, Room 115 (Attention: Records Counselor) a written request that directory information not be released. This notification is effective only for the semester for which the student is then registering. Such information will then be withheld if the request is received within 14 days after the beginning of classes.

## **TENTATIVE COURSE OFFERINGS FOR SUMMER 1980**

Listed below are courses which are tentatively planned to be offered during the Summer, 1980. These offerings are based on a projected demand and are subject to change. This listing does not constitute a commitment that a course will be offered. Current plans may be altered by unforeseen circumstances. The **Schedule of Classes** should be consulted for those courses which have received final approval for offering.

## Buy a powerful TI slide rule. For today...and tomorrow.

The key to buying the right calculator for college math is choosing one with all the power you need to handle the unexpected challenges — as well as the routine. These Texas Instruments slide rules provide both the power and the reliability you'll need to get through college and on into a career. Yet they're priced within a student's budget. That's the kind of value that has made the TI-55 and the *Slimline* TI-50™ so popular.

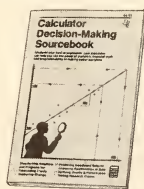

### The TI-55. Power to handle the math and statistics you'll encounter in upper level and graduate courses.

The versatile TI-55 calculating system puts professional capabilities within reach of a student's budget. It provides the features needed to handle almost any mathematical operation, from logarithms and trigonometry to advanced statistical problems.

Thirty-two steps of programmability add impressive speed and accuracy to performing repetitive calculations and "what-if" analyses. Just teach the TI-55 a series of operations and key in the variables. The calculator does the work... automatically!

For help in making quantitative decisions, the TI-55 includes the *Calculator Decision-Making Sourcebook*. This step-by-step guide, a \$5.00 value, shows you how to put the power of statistics, financial math and programmability to work... whatever your major... with 140 pages of easy to understand, real-world applications. Topics include analyzing relationships in data, verifying quality and performance, measuring change, forecasting trends and projecting returns. Its pages contain the basic keys to better decision-making you can use now and in the future.

The TI-55 and book with owner's manual, carrying case and ac adapter/battery charger are now available at a new, lower price. Only \$40.00\*.

### The Slimline TI-50 packs 60 powerful functions into a handsome, compact package.

The pocket-portable *Slimline* TI-50 is a remarkably powerful liquid crystal display (LCD) calculator, yet it's as thin as a pencil and weighs only three ounces!

Its sixty versatile functions can help you handle a wide range of college math problems. Capabilities include common and natural logarithms. Six trigonometric operations that can be performed in three angular modes (degrees, radians or grads). Two constant memories that retain their contents *even when the calculator is turned off*. And more.

Seven built-in statistical functions simplify the task of boiling down large sets of data points so you can perform accurate analyses and draw reliable conclusions.

The power of the *Slimline* TI-50 is made easy to use by TI's AOS™ algebraic operating system, which provides 15 sets of parentheses and accepts up to four pending operations. That means you can enter most problems just as they're written, left to right.

Two miniature batteries provide up to two years of normal operation. And TI's APD™ automatic power down feature helps prevent accidental battery drain.

The *Slimline* TI-50 includes a detailed owner's manual and a durable vinyl wallet, still only \$40.00\*.

Be sure you have all the capability you need in a slide-rule calculator. See the TI-55 and the *Slimline* TI-50 at your college bookstore or other TI dealer today.

## Choosing a powerful TI business/financial calculator could be one of your best decisions this semester.

Success in business comes from analyzing alternatives and making good decisions. Texas Instruments designed The MBA™ and the Slimline Business Analyst-II™ calculators to help professionals find fast, accurate answers to many of the same tough problems you're studying now... in finance, marketing, accounting, investments and statistics. Isn't that a great reason for buying one now?

### The MBA. Preprogrammed financial and statistical functions, programmability and step-by-step applications guide.

The MBA is designed specifically for financial applications. It's the most powerful handheld calculator in its class!

Preprogrammed functions make it easy to solve even complex financial problems at the touch of a few keys. The MBA computes net present value and internal rate of return for up to 12 variable cash flows. Solves the vast majority of time-value-of-money problems with keys for payment, present value, future value, number of periods and periodic interest rate. And calculates days between

dates and direct solution of yield for bonds or mortgages.

Built-in statistical functions provide the power required for data analysis and forecasting. And 32 steps of programmability add speed and accuracy to performing repetitive calculations. (Just change the variables in a program and you can see the result of a new alternative in seconds!)

*Calculator Analysis for Business and Finance*, a \$7.95 value, is a 288-page guidebook included with The MBA that shows you how to analyze many business situations using proven techniques. More than 100 real-world examples are described step-by-step.

The MBA calculator and book with owner's manual, carrying case and ac adapter/battery charger, \$70.00\*.

### Slimline Business Analyst-II. Sleek LCD calculator with versatile business capabilities.

Solving financial problems with the Slimline Business Analyst-II can make working with your old calculator seem like pencil-and-paper arithmetic. The functions required to perform many

common business, financial and statistical calculations are built in to help you make quick, accurate evaluations of many complex business situations.

Special financial keys are used to handle time and money problems such as compound interest, annuity payments, mortgage loans, investment yields, amortization schedules and more.

Statistical and linear regression capabilities provide the power you'll need to boil down data and automatically handle problems such as sales and earnings forecasts.

Profit margin calculations concerning cost, selling price and margin can be performed rapidly when any two of the variables are known. Other features include a four-function data register with Constant Memory™ feature that retains its contents *even when the calculator is turned off*. Two miniature batteries provide up to two years of operation in normal use. And TI's APD™ automatic power down feature helps prevent accidental battery drain.

The Business Analyst-II, with detailed owner's manual and suede-look vinyl wallet, \$45.00\*.

You can start making good business decisions this semester. See The MBA and the Slimline Business Analyst-II at your college bookstore or other TI dealer today.

# EARN OVER \$650 A MONTH RIGHT THROUGH YOUR SENIOR YEAR.

If you're a junior or senior majoring in sciences like math, physics or engineering, the Navy has a program you should know about.

It's called the Nuclear Propulsion Officer Candidate-Collegiate Program (NUPOC-C for short) and if you qualify, you can earn as much as \$650 a month right through your senior year. Then after 16 weeks of Officer Candidate School, you'll get an additional year of advanced technical education. This would cost thousands in a civilian school, but in the Navy, we pay you.

It isn't easy. There are fewer than 400 openings and only one of every six applicants will be selected. But if you make it, you'll have unequalled hands-on

responsibility, a \$24,000 salary in four years, and gilt-edged qualifications for jobs both in the Navy and out.

Ask your placement officer to set up an interview with a Navy representative when he visits the campus, or contact your Navy representative at 800-841-8000, or send in the coupon. The NUPOC-C Program. Not only can it help you complete college. It can be the start of an exciting career.

**Martha Armstrong, Coordinator**  
**Office: Suite 265 — Administration Building**

Move Into A New Identity (MINI) is a program for mature men and women who want to resume or begin their college education but are unable to attend classes under the regular schedule. The MINI College offers personal, individual handling of admissions and registration procedures and special classes and teachers to ease the trauma of becoming a college student. For more information, call 454-2381.

# ADDENDA TO THE CATALOGS

GRADUATE AND UNDERGRADUATE ISSUE 1979-1980

MEMPHIS, TENNESSEE DECEMBER, 1979

---

*Memphis State University offers equal educational opportunity to all persons without regard to race, religion, sex, creed, color, national origin, or handicap. The University does not discriminate on these bases in the recruitment and admission of students, the recruitment and employment of faculty and staff, and the operation of any of its programs and activities, as specified by federal laws and regulations. The designated coordinator for University compliance with Section 504 of the Rehabilitation Act of 1973 is the Vice President for Student Educational Services.*

---

The following policy changes, which became effective in the fall, and the following courses, were approved for inclusion in the offerings of the University after 1979-80 Catalog issue of the University Bulletin had been sent to the printer. Their publication here constitutes the official announcement of their addition to the University policies and curriculum.

## FRESH START

A FRESH START allowing calculation of grade point average and credit hours toward graduation to be based only on work done after returning to college is provided for undergraduate students who have gained maturity through extended experience outside academe and have demonstrated better than average academic performance following their return. Requirements to be satisfied by a student requesting a FRESH START toward a baccalaureate degree:

1. Separation from academic institutions for at least seven (7) years.
2. After returning to college, completion of at least 36 semester hours course work before application for FRESH START.

3. GPA of at least 2.5 for all work completed after returning to college and at time of application.

4. Formal application to the dean of the student's college, requesting that a FRESH START be granted and describing an academic plan which may include declaration of a major.

Upon the approval of the college dean, the student will be granted a FRESH START. It may be granted once. The student's permanent record will remain a record of all work. The date of the FRESH START will coincide with the date of re-entry following prolonged separation. The permanent record will note that a fresh start was made and the date of the fresh start. The record will also carry the notation "GPA and credit totals are based only on work subsequent to that date."

## CORRECTION TO ENGLISH REQUIREMENTS

An error appears in the English requirements for graduation from the University on page 48 of the 1979-80 Undergraduate Bulletin. The last paragraph should read:

*Every student at Memphis State is required to demonstrate his proficiency in English by making a grade of C or better in English 1101 AND 1102 (or their equivalents).*

## MAXIMUM LOAD

On page 41 of the 1979-80 Undergraduate Bulletin the statement pertaining to maximum load has been amended to read:

•This does not include the required physical education activity course nor Applied Music Workshop (MUAP 1000).

## THE HERFF COLLEGE OF ENGINEERING

### **CIVIL ENGINEERING 4171. Construction Engineering I. (3)**

Planning, estimating, and bidding of heavy construction projects; development and use of scheduling algorithms for control of construction projects; linear programming and other optimization techniques and their application to resource allocation and bidding strategy. *Three lecture hours per week. Corequisite: CIVL 3141.*

### **CIVIL ENGINEERING 4172. Construction Engineering II. (3)**

Continuation of *Construction Engineering I*; selection of equipment for heavy construction projects; cost analysis, productivity, procedures and safety aspects of construction operations; emphasis on heavy construction project synthesis. *Two lecture, three laboratory hours per week. Prerequisite: CIVL 4171.*

### **CIVIL ENGINEERING 4173. Construction Contracts and Specifications. (3)**

Principles of contract law as applied to heavy construction engineering; legal problems in preparing and administering construction contracts; varieties of construction contracts; specification organization and interpretation; engineer-client relationships. *Three lecture hours per week. Prerequisite: Consent of instructor.*

### **CIVIL ENGINEERING 4174. Quality Control in Heavy Construction. (3)**

Development of quality control systems for the heavy construction industry; quantitative and statistical techniques for establishing contract compliance; quality assurance sampling, testing, and additional construction control techniques. *Three lecture hours per week. Prerequisite: Consent of instructor.*

### **MECHANICAL ENGINEERING 3305. Mechanical Instrumentation and Measurement. (3)**

Accuracy, precision and statistical consideration of measurement data; dynamics of measurement; displacement, velocity acceleration, force, torque, pressure and temperature measurement; mechanical impedance; measurement of

fluids and instrumentation systems. Lectures supplemented with laboratory demonstrations. **Prerequisite:** MECH 2332. **MECHANICAL ENGINEERING 4301. Fluid Machinery and Energy Use for Non-Engineers. (3)**

Discussions of fluid machinery and energy exchange on an elementary level. Lectures will be supplemented with laboratory demonstrations. Understanding of algebra is required. Credit will not be allowed for students in Engineering and Engineering Technology.

### **ENGINEERING TECHNOLOGY 2411. Introduction to Instrumentation. (3)**

Study of basic mechanical and electrical instruments used in the measurement of temperature, pressure, flow level. *Two lecture, three laboratory hours per week. Prerequisites:* TECH 1411, 1811 and MATH 1213.

### **ENGINEERING TECHNOLOGY 4462. Statistical Quality Control. (3)**

Statistical principles and techniques used in the analysis of quality assurance problems. Specific topics include probability concepts, frequency distributions, control charts for the mean, range, standard deviation, fraction defective and defects per unit and sampling inspection plans.

### **ENGINEERING TECHNOLOGY 4472. Computer Aided Design and Manufacturing. (3)**

The current state of the art regarding the use of computers for product and part design and part manufacture and assembly. Topics covered include software and hardware used in CAD-CAM, current trends in the automated factory, group technology and robotics.

### **ENGINEERING TECHNOLOGY 4835. Microprocessor Interfacing Techniques. (4)**

Application of microprocessors to equipment with particular emphasis on interface problems. Techniques employing conventional logic devices as well as LSI component are taught. Testing and maintenance techniques of equipment using microprocessor based design. *Three lecture, three laboratory hours per week. Prerequisite:* TECH 4834.

## THE HERFF COLLEGE OF ENGINEERING

### VOCATIONAL TECHNICAL EDUCATION COURSES

#### **VOCATIONAL TECHNICAL EDUCATION 1011. Intro Voc-Tech Ed. (3)**

In-class and field observations of vocational-technical education programs in secondary and post-secondary schools.

Career options for teachers and students of such programs.

#### **VOCATIONAL TECHNICAL EDUCATION 3010.**

##### **Occupational Intern. (6)**

A cooperative work experience program for persons having neither a saleable skill nor work experience adequate to meet certification requirements.

#### **VOCATIONAL TECHNICAL EDUCATION 3020. Manip Skill Occ Spec. (3-15)**

Credit will be determined by a performance evaluation by the department granting the degree or acceptance of a nationally administered evaluation program.

#### **VOCATIONAL TECHNICAL EDUCATION 3030.**

##### **Knowledge of Occ Spec. (3-15)**

Credit will be determined by a performance evaluation by the department granting the degree or acceptance of a nationally administered evaluation program.

#### **VOCATIONAL TECHNICAL EDUCATION 3301. Analysis Teaching. (3)**

Micro-Teaching demonstrations plus observation and evaluation by a teacher educator. **Prerequisite:** Three years

of satisfactory teaching experience in the Vocational-Technical subject specialty.

#### **VOCATIONAL TECHNICAL EDUCATION 4110. Job Analysis. (3)**

A systems approach to identifying and specifying content in vocational-technical education, the components of an instructional system, identification of student needs and abilities, job descriptions, job analysis, and instructional objectives.

#### **VOCATIONAL TECHNICAL EDUCATION 4120.**

##### **Curriculum Voc-Tech Ed. (3)**

Basic techniques in curriculum planning in vocational-technical education including the planning of a learning sequence, preparing learning sequence, preparing learning activities, selecting and preparing learning resources and evaluating student performance.

#### **VOCATIONAL TECHNICAL EDUCATION 4130. Student Clubs/Adv Comm. (3)**

This course will emphasize the philosophy and rationale for use of vocational student clubs (VICA) and craft advisory committees; their selection, organization, implementation, and utilization.

**VOCATIONAL TECHNICAL EDUCATION 4210. Meth Tchg Voc-Tech Subj. (3)**

This course is designed to provide students with understandings and skills required for individualizing instruction in shop and related subjects.

**VOCATIONAL TECHNICAL EDUCATION 4220. Voc-Tech Instruct Mat. (3)**

Selection, use, and construction of audiovisual materials for vocational-technical education. Emphasis will be placed on the integration of these materials into the total instructional system.

**VOCATIONAL TECHNICAL EDUCATION 4781. Seminar: Voc-Tech Ed. (1-9)**

Workshops and conferences dealing with instructional and operational problems in vocational-technical education.

**VOCATIONAL TECHNICAL EDUCATION 4841. Student Teaching. (9)**

In-school experience under the supervision of a qualified instructor of the vocational-technical subject in which the student is specializing.

**VOCATIONAL TECHNICAL EDUCATION 4850. Problems Voc-Tech Ed. (1-3)**

Independent study and completion of a term paper dealing with a current curriculum problem in vocational-technical education.

**VOCATIONAL TECHNICAL EDUCATION 4860. Curriculum Voc-Tech Ed. (1-3)**

Independent study and completion of a term paper dealing with a current operational problem in vocational-technical education.

**VOCATIONAL TECHNICAL EDUCATION 4911-19.**

**Experience Voc-Tech Ed. (1-9)**

Advanced training in industry for instructors desiring to update their skills or to add other skills related to their occupational specialty.

**VOCATIONAL TECHNICAL EDUCATION 4930. Conference Voc-Tech Ed. (3)**

Techniques and strategies used to direct small group conferences in education or industry toward specified goals through discussion and interaction.

## THE UNIVERSITY COLLEGE

**UNIVERSITY COLLEGE 1005. Directed Study. (1-3)**

Directed study at the introductory level. A student may seek permission to study under faculty direction in an area not routinely taught. This course may be repeated for maximum credit of six hours. **Prerequisite:** application or admission to University College, or permission of the dean.

**UNIVERSITY COLLEGE 3500/3599. Thematic Studies. (6-9)**

Interdisciplinary seminars to be organized about significant problems, themes, or ideas. Specific course description will appear each semester in the "Addenda" section of the Schedule of Classes.

**UNIVERSITY 3503. Thematic Studies. (6) Language and Mind**

To the person curious about thought processes, communication and their interplay through language, this course provides introduction to the major concepts and controversies of language. The instructors will consider such points as acquisition of language by humans, interaction of language structure with human psychology, dialects, verbal and non-verbal communication, and animal and human "languages".

**UNIVERSITY 3508. Thematic Studies. (6) Political Psychology**

An interdisciplinary approach to the study of political behavior which will focus upon such aspects of political behavior as socialization, alienation, revolts, and leadership. Methods of inquiry used in political psychology will also be studied, and students will complete project utilizing this knowledge.

**UNIVERSITY 3510. Thematic Studies. (6) History of Modern West Thought**

This course will trace the development of Western thought from the breakdown of the medieval synthesis to the twentieth century. It will explore the central ideas and issues of Western thought by studying major philosophical works and by examining other forms of cultural expression, such as art, literature, religion, and science. Special emphasis will be placed on the relationship between philosophical thought and general cultural attitudes. The course will thus seek to compare different ways of approaching and analyzing similar issues and concerns. The course will also examine the influence of the philosopher on his culture and of the culture on his philosophy.

## INDEPENDENT PROGRAMS

### AUDIOLOGY AND SPEECH PATHOLOGY 7123-8123. Manual Communication I. (1)

History and comparison of various sign language systems such as Signed English, Ameslan, and Seeing Essential English, and Training in the use of manual communication.

### URBAN STUDIES 4995. Urban Studies Internship. (3)

Supervised internship working with urban agencies in the city, state or national level. The internship program deals primarily with data collection and analysis on a grass roots level.

### UNIVERSITY HONORS PROGRAM 3100-3199. Junior Honors Colloquium I. (3)

Interdisciplinary colloquium centering around a broad theme or topic. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes.

### UNIVERSITY HONORS PROGRAM 3100. Science Fiction. (3)

This colloquium will explore, through a broad selection of common readings and the services of guest lectures, some of the themes common in science fiction. Such topics as "Man's Love Affair With The Machine," "Utopias and Dystopias," and "Problems of First Contact with Alien Intelligence" are examined in detail. **Prerequisites:** Junior standing and permission of the Director of the University Honors Program.

---

### UNIVERSITY HONORS PROGRAM 3200/3299. Junior Honors Colloquium II. (3)

Same as UNHP 3100, except a different theme or topic will be used. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes. **Prerequisites:** Junior standing and permission of the Director of the University Honors Program.

### UNIVERSITY HONORS PROGRAM 4200-4299. Senior Honors Seminar II. (3)

Same as UNHP 4100, except a different theme or topic will be used. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes. **Prerequisites:** Senior standing and permission of the Director of the University Honors Program.

### UNIVERSITY HONORS PROGRAM 4300. Senior Honors Thesis. (3)

In lieu of one of the above courses, the honors student may write a thesis on a topic approved by the University Honors Council, and directed by a faculty committee chosen by the student and approved by the Honors Council. **Prerequisites:** Senior standing and permission of the Director of the University Honors Program.

# SANSUI SELECT SYSTEMS

Now it's easy to buy great hi-fi.

If you want sensational music and a great looking system with a minimum of fuss, the **Sansui Select System 70** is perfect for you. Because all the components have been perfectly pre-matched by our expert engineers.

The center of the system is our new DC-Servo **R-70 receiver**. It's so versatile you can listen to one music source while you're taping something else. And it's easy to use; LED displays help find your station and monitor both signal strength and output power. FM reception of even the weakest stations is superb.

You'll love the automatic direct drive **FR-D3 turntable** for its faithful tracking ability and convenient outside-the-cover controls. The Dolbyized **D-90 cassette deck**, with switchable bias and EQ to match standard and high performance tapes, can be connected to a timer to make recordings while you're away. The great Sansui 3-way acoustic suspension **SPA-3700 speaker systems** have awesome power and clarity over the entire

frequency spectrum.

All the components, except the speakers, are mounted in a handsome cabinet with smoked glass doors and plenty of room for your records.

When your friends hear the great sound of your Sansui Select System, they'll wonder how you did it. Tell them it was easy — with a little help from another friend, Sansui.

# Why just disturb your family when you can disturb the whole neighborhood?

Don't be selfish. Share the new Panasonic Silver Special AM/FM stereo cassette recorder (RX-5090) with all your neighbors.

Let them see the classy silver-toned cabinet with its 7-stage LED indicators. Then, turn it up and turn them on. To the powerful sound coming through the 2-way, 4-speaker system. On AM, on FM, on FM stereo, on cassette.

Record their response. The One-Touch Record button, Super Alloy head and two built-in condenser microphones make it easy. And if your neighbors are lost for words, hit the mechanical pause control. If they rant on and on, the Easy-Matic circuitry automatically adjusts

recording levels. And Auto-Stop will shut off the recorder when the tape ends. A digital tape counter and Cue and Review make it easy to find any spot on any tape.

If the Silver Special is just too much for your neighbors to handle, it has a handle so you can take it with you. It doesn't matter where you go, the Panasonic Silver Special has universal voltage. But if you decide to stay, there are jacks for earphones, headphones and your neighbors' sanity. And there's also an optional car adapter (RP-917).

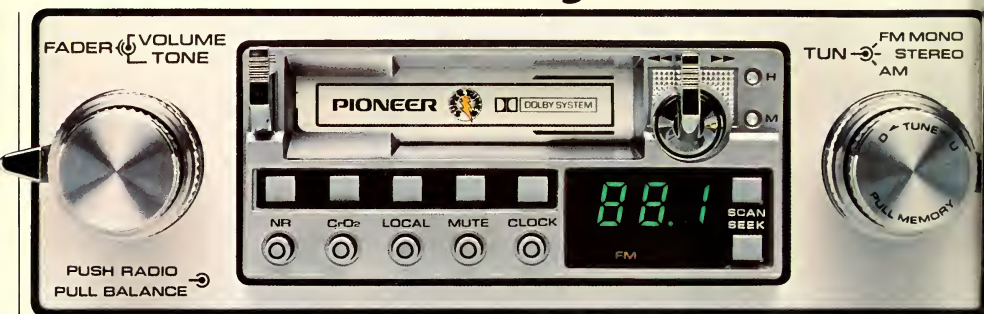

The new Panasonic Silver Special AM/FM stereo cassette recorder. It could wake up your neighbors to a whole new look in sound.

# This Christmas, knock somebody on their ear

The KE-5000 Digital Electronic AM/FM Stereo with Cassette Deck

Let's face it. Nowadays, even people you love are pretty jaded. And if you want to get more than a

TS-695 Three-Way Speakers.

patronizing peck on the cheek come Christmas morning, you've got to put something dynamite under the tree.

Something like the new Pioneer KE-5000 AM/FM Stereo with Cassette Deck. If your car could do as much for itself as the KE-5000 can, you could drive to work with your arms folded.

Almost all once-mechanical functions are han-

dled by a microprocessor that eliminates old time dial twisting. Instead, a press of the SCAN button sends it scurrying on its way, looking from station to station till it finds one you like.

The KE-5000 also features a ten-station memory, digital station display, Dolby® noise reduction, metal tape capability, and a digital clock.

Add to this a pair of our superb TS-695 three-way speakers, and you're giving a

gift to contend with.

But your buck doesn't stop here. Right now your Pioneer Car Stereo dealer can show you dozens of dashing ways to snow someone you love this Christmas.

And if that someone you love happens to be someone you share a car with, well that makes giving Pioneer Car Stereo just that much better.
